New Specs and Details Available from OMG Roofing Products

Agawam, Mass., September, 2011 – New CSI formatted specification documents are available from OMG Roofing Products for its line of OlyFlow retrofit roof drains. OMG has updated its product specifications for the Hercules RetroDrain, the Heavy Duty AlumaWeld RetroDrain, the Scupper RetroDrain, the RAC Deluxe RetroDrain, the RAC PVC Coated RetroDrain, as well as its line of PipeGuard pipe supports.

Each three-part specification is available in Microsoft Word and has been formatted following *MasterFormat*, *SectionFormat* and *PageFormat* as described in *The CSI Construction Specifications Practice Guide*.

In addition, OMG has developed several new detail drawings for the Hercules RetroDrain and has posted .DFX, .DWG and .PDF versions on line. Additional drawings for other OlyFlow products are being developed.

For free copies of the guide specifications or detailed drawings, contact OMG Roofing Products at (800) 633-3800 or visit www.olyfast.com/specifications-details.html.
